WHAT EXPERIENCE AWAIT US?

Exciting bike route through Ngorongoro Lengai UNESCO Global Geopark that crosses Maasai bomas near Irkeepus, where we will have the opportunity to meet the most famous tribe in Africa, and spectacular landscapes of Ngorongoro Highlands. Wonderful and different landscapes that go from the open savannah of Embulbul Plane to the lush jungle of the Empakai Crater. On route along Fosbrooke road we will have fabulous views of the Maasai sacred mountain, Oldoinyo Lengai, the only one active volcano in Tanzania.

OUR BH BIKES

Since the beginning back in 1909, BH BIKES have worked to innovate, plan design and manufacture lightweight, agile and reliable bicycles.

BH is known as one of world most prestigious bicycle makers which has become one of the most established and successful in the world of cycling.

LONG BIKE ROUTE TO EMPAKAI

THE WILDEST BIKE TRAIL

All bike safaris begin at the offices of Safari Bike Africa, NCAA bicycle safaris official operator, Ngorongoro Conservation Area Authority, from Nainokanoka Special Campsite. In addition to scheduled departures, it is possible to reserve different schedules for special groups on request.

HIGHLIGHTS LONG ROUTE TO EMPAKAI CRATER

Empakai Crater

Empakaai Crater, 31,5 km from our start point in Nainokanoka, is considered the most beautiful crater in Tanzania. The view from the crater rim, where our long cycling safari finish, is an amazing unforgettable experience.

The bike path crosses a leafy tropical forest where the sounds of the jungle will invade us.

Embulbul Depression

It is a great plain in the foothills of the third highest mountain in Tanzania. Lolmalasin mountain. The views offer an inspiring landscape, a challenge for adventurous cyclists.

TOURISM WITH SOCIAL COMMITMENT

Safari Bike Africa does not consider any kind of tourism which doesn't have a positive impact on local economic development.

In addition to the respect for the environment, we also support causes for the protection of the most vulnerable population. It is a fundamental pillar of our activity. This is the reason for our alliance and financial support to the NGO **Moyoni** (www.moyoni.org), established in Arusha, Tanzania.

ACTIVITY LEVEL

Biking or cycling is a new tourism product in the NCA where physical fitness of an individual cyclist is challenged through rough terrain, high altitude, cold weather, wet or dusty road conditions while enjoying the beautiful scenery, wildlife and people. Biking is an ecologically friendly activities and it can contribute significantly to NCAA's revenue.

For "Long Route" riders must be fit to fully enjoy this adventure.

The trails normally are not technical. The technical ability required is rated as 'intermediate level.'

If conditions permit and the guide decides, visitors will have the opportunity to extend the bike route back to the starting point, Speceial Camp Nainokanoka.

MOUNTAIN BIKE AND EQUIPMENT

BH BIKES

The perfect mountain bike for Ngorongoro Cycling Safari is BH Bikes. With the Spike 29" on the stony and stony ground of Ngorongoro Highlands you will control the bike more easily since the wheel, being larger, crosses any obstacle better. You will overcome the differences much more easily and you will gain in speed. The geometry and design give superior performance and comfort on the move. The rear chainstays have been expressly developed to optimum tilt angle reduces vibrations and increases braking power downhill Ngorongoro biking

Our Safari Bike Africa guide, will carry repair kit for fixing the bikes during the route, if needed.

All bikes are in excellent working order before the trip begins.

FAT BIKE / BH BIKES

We also provide bike helmet.

MOUNTAIN BIKE GUIDES

Safari Bike Africa will provide local **Maasai guides** that know the area and where the route goes.

They have great wildlife knowledge, also, they have been trained in previous bike safaris with our management team in order to solve any problem that might come across.

INFO

WEATHER

The Ngorongoro highlands, at 2000 m are cooler. It is recommended to wear appropriate clothes for this kind of weather.

Both early in the morning and when the sun goes down temperatures are low between 10 and 15 degrees Celsius, so you need to wear a sports sweatshirt.

SAFETY, SECURITY AND HEALTH CONSIDERATIONS ISSUES

All participants must strictly follow the guide and the ranger, since mountain biking is a dangerous sport with risks and dangers.

- The guide prior to departure for expected mountain biking experience as safety procedures, and during the activity will conduct briefing.
- Cyclists are not allowed to smoke while cycling.
- Visitors shall use recommended mountain biking gears (boots, trouser, shirt and helmet/hat, etc.) Helmet is a mandatory.
- The clients will ride the bikes in single file always behind the Ranger. Under no circumstances overtake the Ranger. One guide will be in front with the ranger and other guide will be at the end of the group.
- Cyclists must ride in silence.
- Distance from the wild animals shall be at least 50m away.
- Cyclist is required to ride with reasonable speed not exceeding 25kph to avoid accidents.
- Visitors must ride on the approved designated trails/routes or region.

"Esuj erashe ng'ejuk emusana"

A new idea follows an old one / Maasai Proverb

DURATION OF THE ACTIVITY AND MAXIMUM NUMBER OF PARTICIPANTS

1. Time of mountain biking shall be between 0700hours and 1700hours
2. Duration of activity shall be a maximum of 3 hours (short route) and more than 3 hours (long route).
3. Minimum group size shall be 2 riders and maximum is 8 riders accompanied by two guides.
4. Minimum age allowed in the activities shall be 14 years.

TIPPING

Tips for your Safari Bike Africa and Ranger NCA guide are not included in the price of the trip. We recommend giving a tip of \$ 5 or 10,000 TZS per participant. This tip will be divided equally between the guide and the ranger.

Please tip based on your attention, service.

HOW TO GET THERE

The road from Arusha to Ngorongoro main entrance, Loduar entrance gate, is 155 km long and takes about two and a half hours.

From Loduar gate to **Nainokanoka Special Camp** (start point of all mountain bike routes) you will take the road to Lemala Ranger Post, near Sopa Lodge, then continue towards Irkeepus towards the Fosbrooke until you reach Nainokanoka, a town next to Olmoti Crater.

MEETING TIME IN NAINOKANOKA SPECIAL CAMP

Your Safari Bike Africa guide will meet you at Nainokanoka Special Camp 30 minutes before the previously booked time for the activity.

After a briefing and test the bikes and the helmet the participants will be ready to start the cycling safari.

INFO

VEHICLE FLEET

- Modern mountain bike from **BH BIKES**.
- We have safari modified, 6 and 8 seats, **4WD Toyota Land Cruisers**.
- **4WD DAF Leyland truck**, with all-wheel drive. The truck is modified to enjoy the best views with open windows. The seats have been replaced by more comfortable chairs that allow our travelers to relax.

ECO WILDNESS CAMP

Friendly camps with the environment in premium locations with a great deal of wildlife.

We have our own camps in Ngorongoro and Serengeti. Exclusive private camps without any other visitor may disturb your privacy.

SAFARI GAME DRIVE EXTENSIONS

We are a safari tour operator with over 10 years of experience in game drive safaris in East Africa. In addition to being specialized in bicycle safaris we are also experienced professionals in trekking and expeditions from high mountain to Kilimanjaro.

One day trip:

- Ngorongoro Crater game drive.
- Olmoti Crater hiking.
- Empakai Crater hiking.
- Manyara game drive.
- Tarangire game drive

Two days trip:

- Serengeti game drive.
- Oldoinyo Lengai trekking.

WHY SAFARI BIKE AFRICA?

We are **pioneers in cycling safaris**. Our experience and hard work have made us able to offer unusual routes. We offer the best game drive safari in Tanzania with activities on bike, in places that were not accessible in this kind of transport -until today-, such as the Ngorongoro Conservation Area (UNESCO World Heritage). We want you to have constant contact and as close as possible to the environment. This is why we use the bike, **enjoying our passion**.
